SEGUSO LIFESTYLE collection 2015

Nel presentare le nuove collezioni, il catalogo LifeStyle 2015 esprime la molteplicità e l'ecletticità degli stili Seguso - lo stile tradizionale, lo stile transitional e lo stile moderno - ognuno rispettoso della tradizione del vetro di Murano ma al contempo innovativo e ricercato. Ma soprattutto svela - attraverso alcuni selezionati progetti internazionali - come i prodotti Seguso sappiano imprimere di personalissimo lifestyle ogni progetto di interior decoration, rendendo speciale e unico il contesto in cui si inseriscono.

Che siano opere esposte in importanti musei come per il Victoria & Albert Museum di Londra, progetti che arredano prestigiose residenze private in tutto il mondo o concept di arredo esclusivi per alberghi di lusso e boutique dei brand più noti, i prodotti Seguso dimostrano qual è la loro vocazione più autentica. Quella di essere opere d'arte che arredano con stile inconfondibile habitat apparentemente diversi, accomunati dalla ricerca di una bellezza che rifugge mode momentanee.

In presenting the new collections, the catalog, LifeStyle 2015 expresses the diversity and eclecticism of Seguso style - the traditional style, the transitional style and the modern style - each respectful of the tradition of Murano glass, but both innovative and refined. But above all reveals - through a selection of international projects - how Seguso products know to impart a personal lifestyle to each project of interior decoration, making special and unique the context in which they occur.

There are works exhibited in major museums such as the Victoria & Albert Museum in London, projects that furnish prestigious private residences around the world, or the concept of exclusive furniture for luxury hotels and boutiques of the best known brands, the products by which Seguso demonstrates their true vocation. To be works of art that decorate seemingly different surroundings with unique style, united by the search for a beauty that shuns momentary trends.

Seguso e l'isola di Murano sono da sempre associati alla creazione dei vetri più raffinati ed eleganti. Preziosi bicchieri e caraffe in vetro di Murano appaiono sugli affreschi di Giotto e in celebri dipinti quali il Bacchanale di Tiziano e il Bacco di Giotto. Nello stesso periodo si colloca la prima testimonianza dell'attività di un Maestro Seguso. È il 3 maggio 1397. Da allora la storica dinastia del vetro di Murano ha saputo mantenere viva per 23 generazioni una tradizione di eccellenza, riconosciuta e apprezzata in tutto il mondo.

Seguso and the island of Murano have always been associated with the creation of the most stylish and elegant glass. Precious glasses and carafes in Murano glass appear in the frescoes of Giotto and in celebrated paintings such as the Bacchanal by Titian and Bacchus by Giotto. In this same period we find the first evidence of activity by a Seguso Maestro. The third of May 1397. Since then, this historic dynasty of Murano glass has kept alive for 23 generations a tradition of excellence, recognized and appreciated all over the world.
